Dear brother wurmbrand

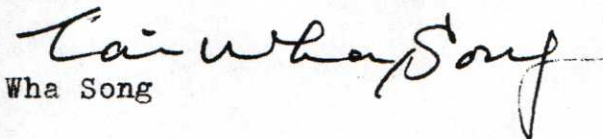

Last month on Jan. 14th I started a radio program broadcasting the Holy Gospel to all the people in Korea. I arranged with Radio Station HLKX to broadcast every Sunday morning at 6:30 A.M.

The Newsletter work was started in September 1972 when the Newsletter No. 1 was published. But after the first issue in Sept. circumstances beyond my power prevented me from continuing with the work on a monthly basis. The next issue was published near the end of the year. Beginning this year I believe it will be possible to publish the Newsletter monthly. (I will send you Newsletters No. 1--No. 4)

It is possible to continue the sea-package program on a much smaller scale. But they can be floated more frequently. They can be carried to sea by fishing boats. I would like to plan floating the packages in March.

Yours sincerely,

Rev. Tai Wha Song
